Prior to voting on their election, Ms Mazzetti, Mr Brogden and Mr Brooke will make themselves available at the meeting to respond to any questions from members on their skills and experience.

Board Recommendation

The Board recommends the election of Ms Mazzetti, Mr Brogden and Mr Brooke. None of these Directors voted on their respective election resolutions.

Voting Exclusions

There are no voting exclusions on this Resolution.

Item 2 - Re-Election of Directors

The Board, with the assistance of the Remuneration and Nomination Committee, has reviewed the performance of the Directors standing for re-election and has endorsed their nominations as candidates for re-election.

Details of each of the candidates is set out below.

Daryl Stillwell	BA, Dip App Psych, Reg Psych MAPS, MCOP, FAICD, CMC
Deputy Chairman (Independent Non-Executive)	Appointed Director on 1 July 2005. Mr Stillwell is Chairman of the Remuneration and Nomination Committee and a member of the Board Audit Committee, Board Risk and Governance Committee and Finance and Investment Committee. Mr Stillwell is Managing Director of a human resources management consulting firm, bringing over 45 years of industry experience in workforce strategy, talent management, and people and culture solutions.
Geoffrey Vogt	BEC, FAICD, FGIA, FCIS, SF Fin, FCPA, ANZIF (Assoc), CTP, RFD
Director (Independent Non-Executive)	Appointed Director on 27 May 2010. Mr Vogt is the Chairman of the Board Audit Committee and a member of the Board Risk and Governance Committee, Finance and Investment Committee and Remuneration and Nomination Committee. Previously he worked as a CEO and in other senior executive roles primarily in the finance and insurance industries. His most recent full-time role was as CEO of the Industry Leaders Fund.

Messrs Stillwell and Vogt have advised that it is their current intention to retire from the Board in November 2026. Prior to voting on their election, Messrs Stillwell and Vogt will make themselves available at the meeting to respond to any questions from members on their skills and experience.

Board Recommendation

The Board recommends the re-election of Messrs Stillwell and Vogt. Neither of these Directors voted on their respective re-election resolutions.

Voting Exclusions

There are no voting exclusions on this Resolution.

Item 4 - Non-Executive Directors' Fee Pool Increase

In accordance with Rule 46.1 of the Company's Constitution, the aggregate remuneration of the Non-Executive Directors of the Company (**Fee Pool**) must be approved by members of the Company .

The Fee Pool represents the maximum aggregate annual amount payable to the Non-Executive Directors of the Company. The proposed increase in the Fee Pool is intended to cover any potential increase in Non-Executive Director fees over the next few years.

The Board has considered the following factors when determining the appropriate amount for the Fee Pool:

- there has been no increase in the Fee Pool since 2022;
- the Company's policy is to generally review Non-Executive Director fees annually;
- the proposed increase in the Fee Pool is intended to cover the annual increases in Non-Executive Director fees for the next few financial years, thus removing the need for members to repeatedly approve an increase every financial year. This is a well established practice amongst large public companies.

Accordingly, your Directors propose that the Fee Pool be set at \$820,000. This amount includes payments for the Superannuation Guarantee Levy.

Board Recommendation

As the Non-Executive Directors have a personal interest in the proposed resolution, the Directors make no recommendation as to how members should vote on this resolution.

Item 5 – Amendment to Rules and Creation of Additional Benefit Funds**Overview of the Proposal**

KeyInvest is proposing to expand the range of investment options available to members by creating additional benefit funds under its Benefit Fund Rules (**Rules**). Specifically, the proposal involves:

- 52 new Life Events Bond benefit funds under Division 3 of the Rules; and
- 8 new KeyInvest Funeral Bond Unitised benefit funds under Division 7 of the Rules.

Each new investment option will be constituted as a separate benefit fund, with its own dedicated schedule in the Rules. These schedules (collectively, the **New Schedules**) set out the investment objectives, investment strategies, and asset allocation ranges for each new fund. The full text of the New Schedules is included in **Schedule A** to this Notice.

As such, this proposal is intended to be effected by way of an amendment to the Rules and the adoption of new benefit fund rules in respect of each new benefit fund. Additional administrative amendments will also be required to the Rules to accommodate the creation of these additional benefit funds.

This initiative is part of KeyInvest's strategic plan to provide members with greater flexibility, a broader range of risk/return profiles, and access to investment options that reflect evolving market conditions and member preferences.

Why is Member Approval Required?

Under section 16B(2)(a) of the *Life Insurance Act 1995* (Cth) and *Prudential Standard LPS 700 Friendly Society Benefit Fund Rules (LPS 700)*, amendments to approved benefit fund rules must be 'adequately adopted' before APRA can approve them.

In APRA's letter to regulated life companies that are friendly societies dated 29 November 2012 (**APRA Letter**), APRA confirmed that for material amendments to benefit fund rules the preferred form of 'adequate adoption' is by way of special resolution of members, being a resolution passed by at least 75% of the votes cast by members entitled to vote on the resolution.

This Resolution 5 seeks member approval to meet that requirement. If approved by members, KeyInvest will submit the proposed amendments seeking the APRA Approval. The amendments will only take effect once the APRA Approval is granted.

What Will Change if the Resolution is Approved?

- **More Investment Choice:** Members will have access to a significantly expanded menu of investment options, including Conservative, Balanced, Growth, High Growth, Alternatives, Australian Equity, International Equity, Property, and Fixed Interest strategies.
- **No Impact on Existing Investments:** Your current investment options, balances, and rights remain unchanged. There is no change to fees as a result of this proposal.
- **Future Activation:** Some New Schedules may initially act as placeholders until an underlying investment manager or product is appointed. Members of the relevant products will be notified when new options become available for selection.
- **Investment Allocations and Strategies:** The asset class allocation ranges and strategy for each new investment option will vary depending on the investment objective of the fund and its risk-return profile. For example, a conservative investment option, with the objective to provide returns over the short to medium term with low volatility will typically have a portfolio mix of approximately 30% growth investments and approximately 70% defensive assets.

Regulatory and Prudential Considerations

The APRA Letter sets out key expectations for benefit fund rule amendments and approval, including:

- **Separate Benefit Funds:** Each investment option must be treated as a separate benefit fund, with its own rules and assets, to comply with the 'separation principle' in section 16H of the *Life Insurance Act 1995* (Cth).
- **Comprehensive and Stand-Alone Rules:** Benefit fund rules must be capable of standing alone and must address all matters required by law, including clear investment objectives, strategies, authorised asset classes, and defined asset allocation ranges.
- **Detailed Investment Rules:** Investment rules must avoid overly broad or unrestricted parameters (eg., 0–100% ranges across all asset classes) and must include meaningful definitions of investment terms.
- **Consistency:** The rules must align with product disclosure documents and internal investment governance frameworks.

The New Schedules have been drafted to meet these requirements. Each schedule specifies in respect of the relevant benefit fund:

- the investment objective of the benefit fund;
- the investment strategy of the benefit fund, including the mix of growth and defensive assets;

2025 Notice of Annual General Meeting

- minimum and maximum allocation ranges for each authorised asset class (eg., cash, fixed interest, equities, property, alternatives); and
- the ability to use derivatives for risk management purposes only.

Actuarial Advice

In accordance with Prudential Standard LPS 320 *Actuarial and Related Matters*, KeyInvest has obtained written advice from its Appointed Actuary (attached as **Schedule B**) confirming that:

- the creation of the new benefit funds will not result in unfairness to any existing or prospective members; and
- the proposed amendments to the Rules will not adversely affect members' rights or entitlements.

Process and Next Steps

If members approve this resolution:

1. KeyInvest will lodge an application with APRA for approval of the amended Rules and the New Schedules.
2. The amendments will take effect only when APRA Approval is granted.
3. KeyInvest will then progressively make the new investment options available to members, subject to internal governance and investment manager appointments.

To facilitate APRA's review and avoid unnecessary delays, the resolution authorises the Directors and the Company Secretary to do anything necessary, desirable or incidental to the implementation of the above proposal, including by making any changes requested by APRA during the approval process.

Board Recommendation

The Board considers the proposal to be in the best interests of members and recommends that you vote in favour of Resolution 5.

Voting Exclusions

There are no voting exclusions on this Resolution.

GENERAL INFORMATION

If you have any questions in relation to the proposed resolutions, please contact the Company Secretary, on 1300 658 904.

The Chairman of the meeting will vote undirected proxies in favour of all of the proposed resolutions.

Schedule B – Actuarial Opinion

See attached.

6 October 2025

Mr N Heuzenroeder
Head of Line 1 Risk & Operations Support
KeyInvest Ltd
PO Box 3340
Rundle Mall SA 5000

Dear Mr Heuzenroeder,

KeyInvest Benefit Fund Rules

***Life Events Bond – Additional Investment Options
KeyInvest Funeral Bond Unitised – Additional Investment Options***

Actuarial Opinion

1. Introduction

- 1.1 Thank you for your request to provide an actuarial opinion regarding proposed changes to KeyInvest's Benefit Fund Rules.
- 1.2 This report has been prepared in accordance with APRA Prudential Standard CPS320 Actuarial and Related Matters, which requires the Actuarial Advice Framework to include provisions relating to advice on proposed modifications to the Rules and whether the proposed Rules will result in unfairness to prospective or existing members of KeyInvest's Benefit Funds. KeyInvest's Actuarial Advice Framework stipulates that this advice should be supplied by the Appointed Actuary.

2. Summary of Rule Changes

2.1 New Life Events Bond Funds

52 new Life Events Bond Funds are to be created for the purpose of providing members with greater investment flexibility. Each of these new Benefit Funds will be administered under Division 1 (General) and Division 3 (Life Events Bond Fund) of the Rules and are individually described in Schedules 45 to 96 of Division 3. Each Schedule sets out the Investment Objective, Investment Strategy and allocation of investments by Asset Class, in a similar fashion to the existing Schedules. All other policy terms and conditions for these new investment options are the same as for the existing investment options. The new investment options are listed in Appendix 1.

2.2 New KeyInvest Funeral Bond Unitised Funds

8 new KeyInvest Funeral Bond Unitised Funds are to be created for the purpose of providing members with greater investment flexibility. Each of these new Benefit Funds will be administered under Division 1 (General) and Division 7 (KeyInvest Funeral Bond Unitised Funds) of the Rules and are individually described in Schedules 4 to 11 of Division 7. Each Schedule sets out the Investment Objective, Investment Strategy and allocation of investments by Asset Class, in a similar fashion to the existing Schedules. All other policy terms and conditions for these new investment options are the same as for the existing investment options. The new investment options are listed in Appendix 2.

3. Actuarial Opinion

The Rule changes outlined above will have no impact on the sound financial operation of KeyInvest's Benefit Funds. I consider that the proposed Rule changes do not result in unfairness to prospective members of each of the new Funds or to current members of the existing Funds and that members' rights and entitlements are not adversely affected.

Please let me know if you require any further information.

Yours sincerely,

B A Watson

Fellow of the Institute of Actuaries of Australia
